

Rookie and Junior 14 & Under Incident Programme

Both the Rookie and Junior 14 & Under Incidents are the same and are a mirror image of each other in the pool. The Rookies will use the area of poolside closest to the Gallery meanwhile the Junior 14 and Under age range will take the side of the pool away from the Gallery.

Scenario: You are sat in the changing rooms at the swimming pool waiting for the Pool to be opened. You notice that the other group of people in the changing room has now gone. As you walk towards the entrance to the pool you hear a scream for help. As you walk on-to poolside is no lifeguard but people in the swimming pool....

Casualty 1—Unconscious but breathing

Casualty 2—Weak Swimmer

Casualty 3—Injured Swimmer

Casualty 4—Non-Swimmer

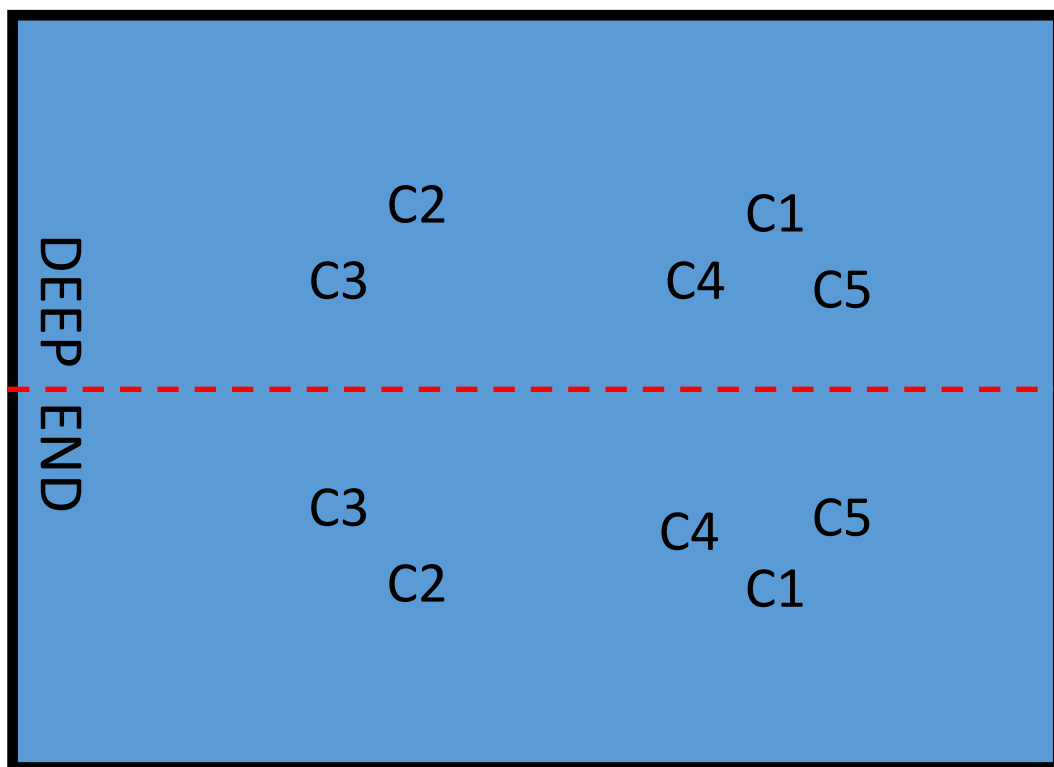

Casualty 5—Asthma Attack

Junior 16 & Under and Senior Incident Programme

Both the Junior 16 & Under and Senior Incidents are the same and are a mirror image of each other in the pool. The Junior 16 and Under will use the area of poolside closest to the Gallery meanwhile the Senior age range will take the side of the pool away from the Gallery.

Scenario: You are sat in the changing rooms at the swimming pool waiting for the Pool to be opened. You notice that the other group of people in the changing room has now gone. As you walk towards the entrance to the pool you hear a scream for help. As you walk on to poolside is no lifeguard but people in the swimming pool....
